### DRUG AND ALCOHOL ABUSE PROGRAMS

(c) The parties recognize the problems that drug and alcohol abuse have created within the construction industry and agree on implementing drug and alcohol abuse prevention programs, that will work toward maintaining a safe workplace, free of drugs and alcohol.

**Drug Testing:** The Contractor and the Union are committed to a policy that promotes safety in the work place, employee health, and well being. In consideration of this policy the Union and the Contractor agree that any employee found to be under the influence of, in possession of, engaged in the distribution of drugs or alcohol on the job site shall be subject to disciplinary action, up to and including immediate discharge.

Within two (2) weeks of reporting to the job site, each new employee may be scheduled for a drug test. Employees using a prescription drug which may impair mental or motor function shall inform their supervisor in writing of such drug use.

Employees' involvement with drugs and alcohol can adversely affect job performance and employee morale. In the construction industry the consequences of drug or alcohol use or influence while on the job site can be disastrous. The Contractor and Union, therefore, agree to the following policy to insure all employees of a safe and efficient job site free from the effect of drug and alcohol use or influence.

All job sites or work areas are subject to massive drug screening or random drug screening. Any employee who is involved in an on-the-job accident resulting in injury to a person or property, or whose observed behavior raises a reasonable suspicion of probable cause of illegal drug or alcohol use impairment while on the job site, may be required as a condition of continued employment to submit to a test for alcohol and/or illegal drug use which impaired the employee's ability to safely perform his/her duties on the job site. Such tests usually involve a sampling of the employee's blood, urine, or breath. Any employee who is asked to submit to such a test will be required to sign a consent form. If an employee who is asked to submit to a test refuses to do so, or refuses to sign the necessary consent form, that employee will be subject to disciplinary action up to and including discharge.

All testing will be done by a reliable, established laboratory. If this initial test screen result indicates positive findings, further testing of the same sample must be done to confirm the original findings before the laboratory can report positive findings. The confirmation test will be conducted by an independent, accredited National Institute of Drug Abuse or College of American Pathology Laboratory and utilize the more scientific Gas Chromatography/ Mass Spectrometry examination (GC/MS). The results of all tests will be kept confidential between the employee and the Contractor.

The employee shall be paid his/her regular hourly wages and fringes for the time required for drug testing provided results are negative.

If the GC/MS test results are positive, the employee may be granted a leave of absence for the purpose of drug and alcohol rehabilitation. If the employee is eligible, such rehabilitation programs are covered under the Laborers' International Union of North America Health and Welfare Program providing the employee confines himself/herself to a twenty-four (24) hour licensed rehabilitation medical facility.

The employee shall be removed from the Contractor's job site. Upon presentation of certification of the employee's successful completion of the drug/alcohol rehabilitation program, the employee may be restored to his/her original job with the Contractor.

If the employee was reinstated he/she shall for the next succeeding twelve (12) month period, present to the company representative monthly certification of negative drug/alcohol test results; failure to do so will result in denying the employee the right to maintain his/her availability to be sent to a job site or if working, to be removed from work.

The Contractors shall by company policy encourage or require the employee to obtain all training available. Laborers' District Council shall provide all members training in recognition, avoidance and prevention of unsafe conditions in its Training and Apprenticeship Program. **17.** The number of men to be employed is at the sole discretion of the Contractor, and the fact that certain classifications and rates are established does not mean that the Contractor must employ employees for any one or all such classifications or to man any particular piece of equipment that happens to be on the worksite, unless the Contractor has need for such employee. However, this does not relieve the Contractors from the responsibility of properly manning any piece of equipment that is placed in operation. Subject to the terms of this Agreement, the Union will be the sole bargaining representative of all employees employed on the work covered by this Agreement.

**18. (a)** During the term of this Agreement, employees covered hereby may be offered the opportunity by the Contractor to accept employment on any other project of the Contractor coming within the terms and conditions of this Agreement, but said employment, if accepted by the employee, is subject to the provisions of this Agreement.

(c) It is further understood and agreed by and between the parties that the Contractors Construction Association, or its duly authorized representative shall have the right, on written notice, to audit the books and records of any party obligated under this Agreement to contribute thereto, with respect to all payment obligations due in accordance with **Article VII**.

## **ARTICLE VIII WAGE RATES**

**44.** All employees employed under this Agreement shall be classified in accordance with **Exhibit B**, attached hereto, and no other classification of labor of any kind will be recognized. Any question relative to the classification of an employee will be settled by the Contractor and the Union representative and if they are unable to reach a mutual decision, the matter shall be referred to the Grievances and Arbitration Procedures. The Contractor may classify such employee pending the final decision of the Grievance Procedure.

**45.** Any employee may be temporarily shifted by the Contractor from one classification of work to another classification of work, provided the employee is capable of performing the work and is paid at the rate of wage for the classification worked.

**46. Exhibit B** covering wage rates and classifications attached hereto is made a part of this Agreement.

## ARTICLE I X WAGE FRINGE PROGRAMS

47. The fringe benefit provisions contained herein shall apply to all Contractor members of the Labor Relations Division of the Ohio Contractors Association, all Contractors who become signatory or bound by this Agreement and any other Contractor or Contractor groups who become a party to an Agreement covering the fringe benefit programs set forth herein.

The Contractor and the Union recognize that they must confront many issues of mutual concern which are more susceptible to resolution through labor-management cooperation than through collective bargaining. The Contractor and the Union also recognize that workers as well as business benefit from labor-management cooperation. To seek resolution of these mutual concerns and to advance mutual interests through labor-management cooperative efforts, the Contractor and the Union agree to participate in the labor-management cooperation trust funds described herein known as the OLDC-OCA Cooperation and Education Trust Fund (LECET) and the LIUNA Tri-Funds which are established in accordance with Section 302(c) (9) of the Taft-Hartley Act.

All Contractors bound hereby agree to be bound by the Agreement and Declarations of Trust, as amended, establishing the Pension Fund, Health and Welfare Plan, Ohio L.E.C.E.T., Training and Apprenticeship, and LIUNA Tri-Funds, copies of which all parties agree have been furnished to, and read by all Contractors bound hereby prior to execution of this Agreement. It is mutually agreed that the provisions of said Agreements and Declarations of Trust and any rules, regulations or plans adopted by the Trustees pursuant thereto shall become a part of this Agreement as though fully written herein. All Contractors bound hereby irrevocably designate the Contractor Trustees of said Funds and Plan, and their successors as their representatives for the purposes set forth in said Agreements and Declaration of Trust.

Contractors shall pay fringe benefit contributions to the respective Funds on behalf of any employee performing work within the jurisdiction of this Agreement at the rates specified in **Exhibit B** for all hours worked.

Notwithstanding the terms of any local union negotiated agreement, a Contractor signatory to this Agreement may make the fringe benefit contributions for its “key workers” to other Laborers' trust funds approved by the Union and designated by the “key workers” as their home trust fund in accordance with procedures established by the Union or its affiliated Funds and shall not be obligated to contribute for the “key workers” to any other trust funds, provided that the trust funds so designated agree to accept the contributions and credit the “key workers” for those contributions in accordance with the trust funds’ rules. The contributions shall be at the customary rates set by the home trust funds. The “key workers” for whom contributions are made in accordance with this section to their designated home trust funds shall look only to those trust funds for benefits.

It is further understood and agreed by and between the parties that duly authorized representatives of any of said Trust Funds or Plan shall have the right, on written notice, to audit the books and records of any party obligated under this Agreement to contribute thereto, with respect to the hours worked by and wages paid to all employees upon whom the Contractor is obligated to make contributions.

Reports of employees who have worked, the number of hours that they have been paid and such other data and information as may be required, and all contributions payable to the Funds or Plan shall be transmitted to the offices of the Funds or Plan no later than the fifteenth (15th) day of the month immediately following the calendar month in which the work was performed. If contributions are not received by the fifteenth (15th) day of the month, following the month in which the work was performed, the Contractor will be subjected to and agree to pay liquidated damages of ten percent (10%) plus one percent (1%) per month for each month the Contractor is delinquent to cover the additional cost and expenses of continuing administration during the period of delinquency, interest and any and all costs of collection including reasonable attorney fees.

In the event said audit is refused, reports not furnished or said contributions are not paid, as aforesaid, the following remedies, in whole or in part, and in addition to all other remedies, either in law, in equity, by contract or authorized by the aforementioned Agreements and Declarations of Trust, shall be available.

(a) After the Trustees or the Agent of any Fund and Plan have given the delinquent Contractor twenty-four (24) hours written notice at the address shown in the records of the Funds, Plan or Union, the Union shall have the right to take such legal and lawful action as it may deem necessary until such delinquent payments are made, or said audit is permitted, such action including but not limited to the right to strike such Contractor for as long as the failure to make such contributions or audit continues, **Article XII** notwithstanding.

(b) In the event either the Union or the Trustees of any Fund or Plan may decide to utilize the grievance and arbitration procedure in this paragraph to collect delinquent contributions and liquidated damages, to enforce any audit, or to obtain any report, the following procedure shall apply.

1. Unless the issue is resolved between the Contractor and the party giving notice within five (5) calendar days after deposit of written notice of delinquency and/or demand for audit and/or report in the United States mail, to the Contractor at the address shown in the records of the Funds, Plan or Union, such party may refer the matter to an arbitrator to be named by the Labor Relations Division of the Ohio Contractors Association, and by the Laborers' District Council of Ohio of the Laborers' International Union of North America, whose decision in writing shall be final and binding on all parties. In the event such parties are unable to choose an arbitrator within ten (10) days after written request therefore, the Union or the Trustees of any Fund or Plan may request an arbitrator according to the rules and regulations of the American Arbitration Association whose decision in writing shall be final and binding on all parties. The parties to the arbitration shall each bear one-half (1/2) of the total costs.

48. In no event shall the foregoing provisions relating to fringe benefits be subject to or suitable for grievance and arbitration under **Article XIII** of this Agreement.

Any Contractor who is party to this Agreement will be required to post cash bond to guarantee Fringe Benefit contributions, initiation fees, dues, legal assessments and/or deductions, except OCA-LRD members will not be required to post bond unless said OCA-LRD member has been delinquent twice in any twelve month period and has been declared delinquent by action of the Board of Trustees of a Fringe Benefit Fund.

The Laborers' District Council of Ohio may inform the OCA-LRD that they consider an OCA-LRD member delinquent in Fringe Benefit contributions, initiation fees, dues, legal assessments and/or deductions and therefore subject to the bond requirement. If the OCA-LRD questions that said OCA-LRD member is delinquent for payment of fringes, the two parties shall meet and resolve the problems by checking payments made to the Fringe Benefit programs.

The amount of bond required for a Contractor will be determined by the number of Laborers employed and the following formula:

- 1- 5 ... Employees covered herein - \$ 10,000.00
- 6 -20 ... Employees covered herein - \$ 25,000.00
- 21-40.... Employees covered herein - \$ 50,000.00

When a Contractor who is required to post such bond, and such Contractor requires over forty (40) covered employees, said bond will be determined at the Pre-Job Conference but in no event shall the amount of such bond be less than the maximum amount noted above.

The Union shall withhold services and shall engage in a strike against delinquent Contractors, or Contractors refusing to post the required bond, until arrangements are made to pay the delinquent payments and/or to provide the bond as required. Further, all Contractors who default in any of the aforementioned shall be assessed a liquidated penalty to cover the total cost of collection and legal and proper expenses resulting from said default.

**51(A).** A five (5) day work week Monday through Friday of eight (8) hours per day with Saturday as a voluntary make-up day due to inclement weather only at straight-time rate of pay may be utilized on all projects provided that it is not a violation of federal or state laws or regulations. Each Contractor shall elect same on each project and agrees that the Union shall be given notification forty-eight (48) hours in advance of any change. Such change shall continue for no less than five (5) working days unless approval is granted by the Union.

In the event make-up time is to be worked, not less than an eight (8) hour day shall be scheduled.

**(NOTE: The counties of Cuyahoga, Geauga and Lake are excluded from Section 51(A).)**

**51(B).** A Contractor has the option of scheduling a four (4) day, ten (10) hour week at straight-time rates. Mealtime may be staggered to meet job requirements.

**51(C).** Where project owners establish specifications or requirements that limit the days or hours in which work may be performed, or for safety reasons, the Contractor, after advance notice to the Union, may start the workweek after 6:00 P.M. on Sunday at straight-time rates. In applying the schedule, Sunday, P.M. will be considered Monday; the following Friday will be considered Saturday, (paid at time and one-half) and Saturday will be considered Sunday (paid at the double time). All premium pay provisions will apply for the sixth and seventh days as to Saturday and Sunday respectively. This schedule shall be applied by the week.

**52.** When Laborers are complementing other trades on premium and/or overtime work, they shall be compensated on the same overtime and/or premium conditions as the trade they are complementing.

For employees receiving a “field” pay check not listing deductions, the Contractor shall mail to the employee at the end of the pay period, a statement noting the deductions and reasons thereof.

A Contractor whose pay checks are returned for reason of insufficient funds shall thereafter pay employees in cash or certified check. A check returned as a result of the bank’s error shall not cause the Contractor to make cash or certified check payments.

**56.** Employees laid off or discharged for any cause, except bad weather or lack of material, shall be paid in full immediately. The Contractor shall pay eight (8) hours at the straight-time rate to each laid-off employee for each scheduled work day that falls between the time of layoff or discharge until such time as final payment is made to the employees.

**ARTICLE X I I**  
**LOCKOUTS AND STRIKES**

**59.** Should differences of any kind arise between any Contractor and the Union or members thereof, it is specifically agreed that there will be no lockouts, strikes, or stoppage of any work of any sort, and all grievances and complaints which the parties involved are unable to adjust shall be disposed of in accordance with procedure set forth in **Article XIII.**

## **ARTICLE XIII GRIEVANCES AND ARBITRATION**

**60.** The parties agree that all differences that arise during the life of this Agreement between any Contractor and any Union or members thereof, except as otherwise limited herein, are to be settled in accordance with the grievance and arbitration procedure set forth.

All employee or Union initiated grievances must be reported to the Local Union office as soon as possible. Grievances must be filed in writing. Members who fail to report grievances to the Business Manager within fourteen (14) days shall forfeit their grievance. The Business Manager will report the grievance to the Contractor within three (3) days after receipt. All Contractor initiated grievances must be reported to the Local Union office within fourteen (14) days after occurrence. Failure of the employee or the Contractor to meet the time limits set forth above shall cause the grievance to be deemed waived and not subject to arbitration.

**61.** In the event that differences arise during the term of this Agreement concerning its interpretation or application, a prompt effort shall be made to settle employee or Union initiated differences at the site of the dispute, first between the Contractor and the Local Union and its members involved in the dispute. In case of the Contractor initiated grievance, the effort to settle such difference shall be made between the Contractor and the Local Union Business Manager. In the case of either an employee, Union or Contractor grievance, the Contractor and the Union have three (3) days to settle the difference.

**62.** In the event that the first step of the above process does not result in settlement after the first meeting between the Local Union and the Contractor, either party may then refer the matter in writing within five (5) days to the Business Manager of the Laborers' District Council and to the representative of the Ohio Contractors Association, Labor Relations Division. They shall meet within ten (10) days after receipt of such notice to consider and resolve the dispute.

**63.** In the event that the parties named in Step 2 are unable to settle the dispute within the ten (10) days, either party may refer the matter to arbitration by written notice to the other party within ten (10) days thereafter, for final and binding decision by a single qualified arbitrator. The Union and Contractor shall have five (5) days to agree upon an arbitrator to hear and determine the dispute, failing which it shall be submitted by either party, by written request to the American Arbitration Association for the submission of a list of names of seven (7) qualified arbitrators from which list the parties will select a sole, qualified arbitrator. After receipt of such a list the parties shall within five (5) days meet to select the arbitrator, and proceeding by lot alternately strike names from the list of arbitrators until one (1) name remains. The name of the person last remaining shall be deemed acceptable to both parties and shall serve as the arbitrator to hear and decide the dispute which has been certified to arbitration. Each party shall have the right to exercise once within the five (5) day period in the case of each dispute, to reject the list submitted, in which event an immediate request will be made for another list of seven (7) arbitrators.

**64.** The arbitrator selected in the manner above indicated shall not add to, subtract from or modify any of the terms of the Agreement. He shall not change existing wage rates established in this Agreement. His authority is limited to matters of dispute, differences, disagreement or controversy arising concerning the interpretation, construction or application of the terms of this Agreement. Any decision of an arbitrator involving an award for back pay shall be limited to the amount of wages that the employee involved should properly have earned in the employ of the Contractor, less any wage received for employment accepted in place of his former employment, and unemployment compensation benefits received. The arbitrator shall decide the grievance or dispute in writing and deliver a copy to each party within thirty (30) days from the close of the arbitration hearing. The fees and expenses of the arbitrator and of any technical assistance required by the arbitrator and all costs of the hearing shall be divided equally between the parties.

**ARTICLE XIV**  
**SAVINGS AND SEPARABILITY**

**65.** It is mutually agreed that if any clause, term or provision of this Agreement is or is thereafter found to be illegal or in contravention of any court ruling, National Labor Relations Board ruling or ruling of any other board or agency having jurisdiction in the matter, such clause, term or provision shall be or become inoperative and of no effect, without disturbing the other clauses, terms and provisions of this Agreement, and the remaining parts of this Agreement shall remain in full force and effect.

In the event any clause, term or provision of this Agreement is found to be illegal or in contravention of any court ruling, National Labor Relations Board ruling or ruling of any other board or agency having jurisdiction in the matter, said clause, term or provision shall be renegotiated to the mutual satisfaction of the parties; but, during such renegotiation there shall be no interruptions of work by lockouts, strikes or other labor troubles.

All personal nouns and pronouns refer to the male and female gender.

**ARTICLE XV**  
**SUBCONTRACTORS**

**66.** It is agreed that all subcontractors shall be subject to the terms and provisions of this Agreement.

Any Contractor who sublets any of his work must sublet same subject to this Agreement.

The Contractor agrees to notify the Union as to the name of any subcontractors prior to the time the subcontractor commences on the job or project.

## ARTICLE XVI DURATION

67. All terms and conditions of this Agreement, as amended, shall be effective as of the first (1st) day of May, 2010, and shall remain in full force and effect until the first (1st) day of May, 2013, and shall continue to remain in full force and effect from year to year thereafter, unless either party notifies the other party in writing of its intention to amend, modify or terminate said Agreement at least sixty (60) days prior to expiration of this Agreement.

68. It is agreed any diversion of a scheduled wage increase to a fringe benefit program may be made, provided the Union gives written notice to the Ohio Contractors Association, Labor Relations Division at least sixty (60) days prior to the date the wage increase is to be effective.

69. There are areas within the scope of this Agreement for which the wages and conditions contained herein may not be appropriate due to competition or other reasons. In such cases adjustments will be made in accordance with principles agreed to by the parties during negotiations. Either party can request a meeting with the other party to be held within 15 days of notification to the other party.

**70. More Favorable Conditions.** If the Union shall furnish employees to any Contractor within the area of jurisdiction of this Agreement for construction work, as defined herein, upon any more favorable terms, conditions, or wage rates than those contained herein, the Union agrees that such more favorable terms, conditions, and wages shall automatically be extended to all Contractors signatory to this Agreement.

**ARTICLE XVII**

## **EXHIBIT C**

### **USE OF APPRENTICES**

- 1.** The OCA-LRD and the Union amend the Laborers' Training and Upgrading Fund Trust to provide for Apprenticeship training. The amended Fund is now known as the Laborers' Training and Apprenticeship Trust Fund which will establish a program for the training and utilization of registered apprentices on construction sites. The program and contributions to it shall be in compliance with the Labor Management Relations Act and the federal and state Management requirements for approved apprenticeship programs. The trust agreement provisions and the rules for eligibility and regulations created by the Trustees overseeing the Laborers' Training and Apprenticeship Committee are incorporated by reference and will be made available upon request by any contributing Contractor.
- 2.** The OCA-LRD and the Union shall each appoint or re-appoint four trustees to constitute the Board of Trustees of the Laborers' Training and Apprenticeship Trust Fund. All registered apprentices shall be under the direction and control of the committee.
- 3.** The Contractor contribution to the amended Fund shall remain unchanged and be in the amount of contribution required for the Laborers' Training and Upgrading Fund set forth in this Agreement.
- 4.** The ratio of apprentices to Laborers shall be no less than one competent and qualified Laborer to one apprentice for the first apprentice on the job, and four competent and qualified Laborers to one apprentice thereafter. There shall be no commingling of apprentices onto one or more specific jobsites, as the ratio must be maintained for each project.
- 5.** Every employee of the Contractor who comes within the scope of the Agreement shall be considered a Laborer unless registered as an apprentice under the Laborers' Training and Apprenticeship fund.
- 6.** Apprentices shall work under the supervision of competent and qualified workers on the job. Instruction in safety and safe work practices will be part of job instruction in addition to that included in related off-job instruction.

7. Any person entering but failing to maintain and complete his or her apprenticeship, as determined by the JTAC shall not be employed by the Contractor as a journeyworker under this Agreement for the duration of the remaining apprenticeship period.

8. The amount of wages to be paid the apprentice shall be at a percentage or graduated wage scale of the Laborer for the class of work and work location set forth in the agreement, as follows:

Apprenticeship Hours Accumulated	Percent of Wage Scale
0 - 1000.....	60 percent
1001 - 2000.....	70 percent
2001 - 3000.....	80 percent
3001 - 4000.....	90 percent

The above percentages are calculated on the base wage rate only. The apprentice shall receive full payment on his or her behalf into the fringe benefit programs at the rate called for in the Agreement. In no instance shall the starting rate be less than the hourly minimum of the Fair Labor Standards Act.

9. The Ohio Laborers' Training and Apprenticeship Trust Fund shall formulate rules and regulations necessary to administer the apprenticeship program to govern eligibility, registration, and education to meet the needs and requirements of the program and in compliance with federal and state apprentice guidelines. The purpose of the program is to supply apprentices to Contractors signatory to the Agreement and the program will require Apprentices trained under the program to continue in the employ of signatory contractors during and after completion of the program. Any registered apprentice who goes to work for a non-signatory Contractor shall no longer be eligible for the program and shall repay to the Ohio Laborers' Training and Apprenticeship Fund the cost of any schooling or training in an amount established by the Fund. The cost of training shall be repaid to the Fund if the individual who completes apprentice training goes to work for a non-signatory Contractor within the number of years following completion of the training as established by the Ohio Laborers' Training and Apprenticeship Trust Fund.

10. A signatory Contractor to this Agreement may refer applicants to the Ohio Laborers' Training and Apprenticeship Trust Fund for proposed inclusion in the apprentice program provided it has no registered apprentice on layoff. Unless and until accepted, the referred applicant shall not be eligible for an apprentice rate.

11. A signatory Contractor may request the local union having jurisdiction over the work area covered by the specific project for apprentice referrals who, if referred, will serve as the employee hired through the local union.

12. For each employee whose Local Union has established or participates in a local joint apprenticeship fund, the Contractor, upon written notification from the Local Union, shall divert five cents (\$.05) per hour for each hour worked from each employee's wages and transmit said monies to the local joint apprenticeship committee. Contributions shall be due and owing on the 15th of the month following the month for which contributions are made. Upon written notice to the Contractor, the local joint apprenticeship fund, or its agent, shall be authorized to conduct a payroll audit to determine compliance with the provision.
